

1" Impact Wrench

CP7782-6

Benefits

High efficiency motor, yet economical with durable reinforced clutch mechanism

Durable impact wrench with great power for the toughest jobs on heavy vehicles

Features

1" straight impact wrench with 6" extended anvil

1920 ft.lbs - 2600 Nm of maximum torque in reverse

Pinless closed reinforced rocking dog impact mechanism

Dual socket retention, hole and friction ring

Ergonomic side handle

Full teasing trigger

Regulator with integrated forward/reverse with 3-position power settings in both directions

IMPACT WRENCH 1/2"CP7748

Benefits

Most powerful tool on the market in its class: 922 ft.lbs – 1250 Nm of maximum real torque in reverse
Best price to performance/durability ratio
Lightweight due to composite housing
Contoured comfort grip handle instead of TPR injected in handle
Smooth Forward / Reverse Switch on back
Suited for all maintenance applications: Light vehicle tire changing, General maintenance on vehicles and MRO applications

Features

1/2" composite impact wrench
One handed forward/reverse
Full power in reverse: 922 ft. lb - 1250 Nm maximum real torque in reverse
3 positions in forward: Low - 180 ft-lbs. / 245 Nm - Medium - 480 ft-lbs. / 650 Nm - High - 730 ft-lbs. / 990 Nm
Aluminum clutch & back housing
Friction ring socket retainer
Full teasing trigger
Curved to be more ergonomic, Smaller diameter to fit better in hand palm and

to be optimum balanced

Handle with Thermo-Plastic Rubber injected in housing for a durable and comfortable grip; Resistant to most chemicals used in workshops

Twin hammer mechanism

360° swivel air inlet

Composite housing

3/8" IMPACT WRENCHCP7731

Benefits

Best power to weight ratio: 306 ft-lbs / 415 Nm

Ultra compact

Easy to use

Durable

Features

Steel front cover & Aluminum body

One hand operation forward – reverse by either left or right handed users

Easily adjustable for either right or left handed operation

3 setting positions

Length: 4.4" = 112 mm as can size

Jumbo hammer

$\frac{3}{4}$ " IMPACT WRENCH

CP7762

Benefits

ULTRA Compact

Lightweight

Powerful
Operator Comfort & Easy to handle
Hight Durability
Optimum Handle Design

Features

6.2 in / 158.7 mm length for restricted working areas
6.6 lbs. / 3.0 kg for less operator fatigue
1050 ft.lbs / 1420 Nm in reverse for high productivity
Side2Side forward and reverse system
Full teasing trigger
One hand Forward & Reverse speed regulator button
Steel motor
Twin Hammer mechanism
Aluminum housing
Ergonomic P-handle with full teasing trigger
Perfect weight distribution

1/2" RATCHET WRENCH

CP886H

Benefits

Good durability over other economically priced ratchets
Easy grip reverse for simple directional changes

Features

1/2" ratchet
Compact head design
Hardened gears

3/8" Drill

CP9285

Benefits

Drills for General Maintenance with productivity
Maximize operator comfort
Power suitable for many applications

Features

3/8" (10 mm) pistol drill
Industrial quality Jacobs chuck
Ergonomic grip
Handle exhaust

ANGLE GRINDER

CP3450

Benefits

Industrial angle wheel grinder

High productivity

Industrial grade durability with up to a 1,000 hour maintenance interval

Light body

Features

Constant lubrication bevel gear design

Low profile angle head design

Insulating composite cover

4" (100 mm) wheel capacity

1.1 hp (810 W) high torque motor

12,000 rpm free speed

3/8" spindle

Orientable safety lever

Optional low vibration side handle

Rear exhaust

DIE GRINDER

CP860

Benefits

General maintenance application die grinder

Productivity and control

Excellent for cleaning tires, moldings, porting, relieving engines, and general high-speed polishing and grinding

Features

1/4" collet

Rugged and energy efficient 0.54 hp (400 W) motor

Adjustable speed regulator

Lock-off throttle

Square handle design for greater comfort

DIE GRINDER

CP9107

Benefits

General maintenance applications
Operator comfort and control

Features

Built-in air regulator
2-fingered steady grip throttle

Rubber handle grip
Exhaust
through handle
Includes 1/4" and 6 mm collet

POLISHER

CP7269S

Benefits

Powerful motor for productivity
Low vibrations and durability
Perfect for weld smoothing, paint, rust and stone removal

Features

Heavy-duty angle sander
Rugged 0.7 hp (500 W) motor
Hardened and ground spiral bevel gears
Delivered with 7" (178 mm) pad

BELT SANDER

CP9779

Benefits

Operator comfort
Excellent for paint removal, weld sanding, smoothing and rust removal in tight areas

Features

Quick-change belt replacement
Rubber molded grip
Adjustable sanding arm
3/8" (10 mm) capacity
Handle exhaust and swivel air inlet

ORBITAL SANDER

CP7255

Benefits

Operator comfort with ergonomic palm shape

Productivity increased with low vibrations level

Powerful and ergonomic palm shape for vertical and horizontal applications

3/16" (5 mm): great for surface preparation from body filler to paint primer

Features

6" (150 mm) random orbital palm sander

3/16" (5 mm) orbit

Powerful 0.3 hp (210 W) motor

Soft grip, tear drop design for perfect control

Low noise level
Shut-off and speed control switch
Non Vacuum (NV) model in PSA pad

PISTOL SANDER

CP7202

Benefits

General maintenance pistol sander
Compact & lightweight

Maximize operator control and ergonomics, less fatigue

Job done faster and easier

Excellent for small area repair

Features

Mini pistol disc sander with 3" (75 mm) Roloc pad

Rubber molded pistol grip

Adjustable power regulator

2-fingered throttle

Silent handle exhaust

Includes: (1) 3" (75 mm) backing pad

(10) 3" (75 mm) 80, 100 and 120 grit sanding discs

(1) 3" (75 mm) fine, medium and coarse surface prep discs and spindle wrench packed in a heavy-duty carrying case

Mini pistol random orbital sander with 2" (50 mm) and 3" (75 mm) H&L pads

Rubber molded pistol grip

Adjustable power regulator

Progressive throttle

Muffled handle exhaust

Includes: (1) 2" (50 mm) and 3" (75 mm) backing pads

(10) 2" (50 mm) 320, 400 and 600 grit sand paper and spindle key packed in heavy-duty carrying case

POLISHER

CP7269P

Benefits

Powerful motor for productivity

Maximize operator comfort

Excellent for buffing and polishing flat and contoured surfaces

Features

Heavy-duty angle polisher

Rugged 0.7 hp (500 W) motor

Built-in air regulator

Delivered with 7" (178 mm) pad and with 8" (200 mm) "Flex-edge" polishing pad

Muffled rear exhaust

Speed control switch

HAMMER

CP7111

Benefits

Versatile and cost effective
Fast cutting action
Designed for all general works

Features

Standard .401 round shank
Easy change retainer for quick accessory change

Air reciprocating saw

CP7901

Benefits

Ergonomic design and comfort and easy handling
Maximize operator comfort and productivity
Premium tool for all general cutting

Features

Air reciprocating saw
Very low vibrations
3/8" (10 mm) stroke length
Great power and speed of 10 000 strokes per minute
360° swivel air inlet

Air Caulking Gun

CP9885

Benefits

Labor time saving

Easy to handle

Operator comfort

Ideal for seal joints on wood, composite, glass or even rubber and plastic materials

Features

Durable lightweight design

Trigger controlled material flow

Accepts standard cartridges: 2" x 8-1/2" (50x210 mm)

1/2" Composite FRL
